

JOIN XPENG AT IAA MOBILITY 2025

SEPTEMBER 8, 2025

EXPERIENCE THE FUTURE OF AI MOBILITY

Discover XPENG’s vision for AI-powered mobility as the new P7 makes its European debut and the humanoid robot, IRON, takes the stage for its first public display in Europe.

On **September 8**, experience an exciting, curated media program to explore XPENG’s latest AI-driven driving technologies and learn how the brand is shaping the next chapter of its global expansion.
