XPENG DRIVING THE FUTURE

XPENG New G6 and New G9
Pan-European Media Drive 2025

<< What is XPENG all about?

We were founded in 2014
by a group of entrepreneurs
with a shared vision to transform
future mobility with technology.

Our belief is simple: technology
will be the game changer
for future mobility. That's the
cornerstone of our foundation.

An Innovative Spirit is Embedded in our DNA

Founded by He Xiaopeng,
internet industry pioneer

Technology-driven leader
in intelligent mobility

Blending innovation
with consumer insights

Transforming the world

Leading the Future of AI Mobility

Forefront

XPENG is at the forefront of
intelligent revolution.

Well-positioned

Product portfolio is well positioned to
meet different consumer group.

The Future of Mobility Goes Beyond Cars

Beyond our flagship product lines, we've made significant investments in flying cars and exploring uncharted domains not yet tackled by other automotive companies.

Flying Cars and Beyond

XPENG will demonstrate that the **SKY IS NOT THE LIMIT**.
Flying cars will reshape the future of mobility.
XPENG Landcraft Carrier is moving closer to flying cars.

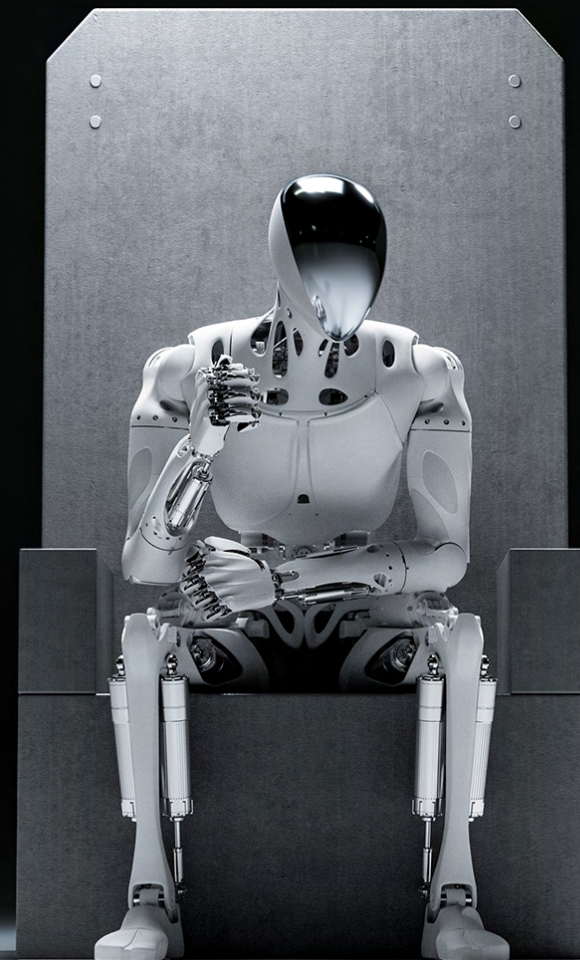

3000

It's not a dream but reality:
3,000 orders for 2026

×× Humanoid Robot **IRON** – A Glimpse into the Future

IRON walks, talks, smiles, and fist bumps — powered by the same AI as XPENG's smart vehicles, driving synergies in production, marketing, and global growth. XPENG targets leadership in L3 humanoid robots.

Proven Success Despite Intense Competition

FRONT RUNNER

Proven in the world's most competitive EV battlefield — China with 500+ manufacturers

XPENG New G6 Design Exterior

Full-Width Integrated Light Bar

XPENG New G6 Design Exterior

Fastback Silhouette

Fastback silhouette with long front overhang, short rear overhang, and clean side sculpting delivers coupe-like dynamism

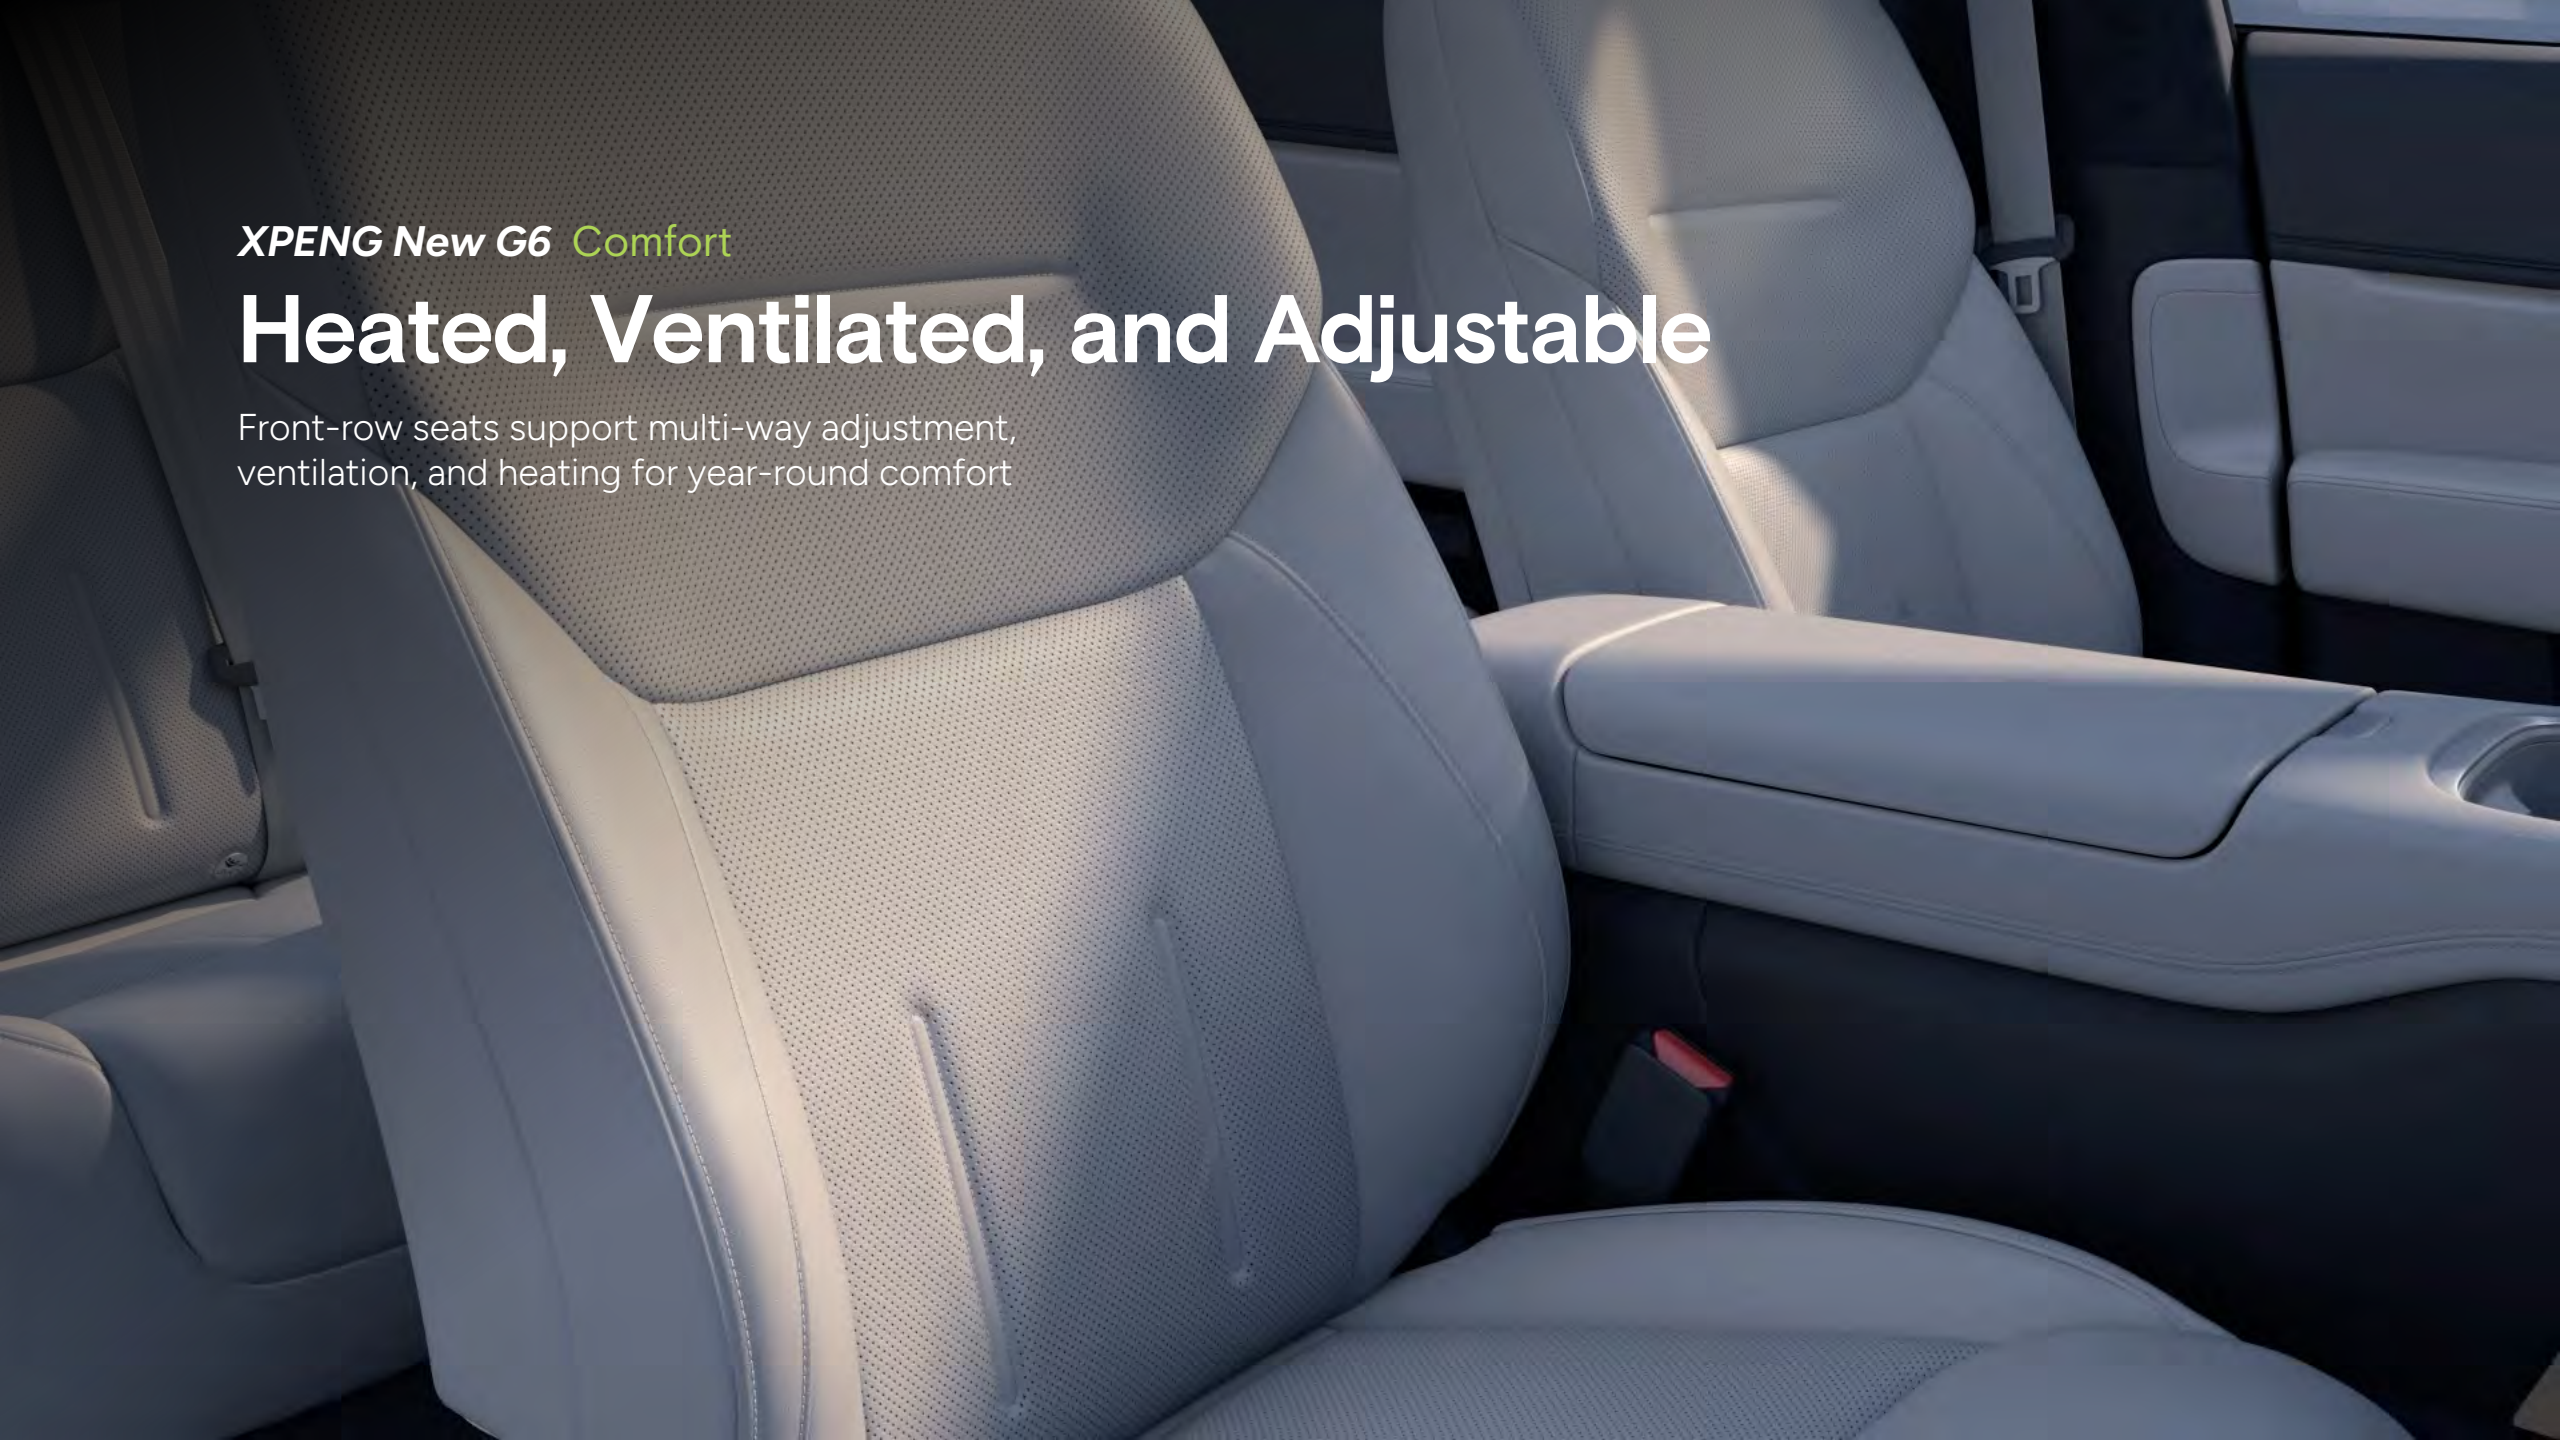

XPENG New G6 Comfort

First-Class Comfort

Electrically adjustable Nappa leather seats with ventilation, heating, and massage

A close-up photograph of a car's front-row interior. The focus is on a light blue, perforated leather seat with a textured pattern. A center console with a cup holder is visible to the right. The lighting is soft, highlighting the seat's contours and the perforations. The text is overlaid on the upper left portion of the image.

XPENG New G6 Comfort

Heated, Ventilated, and Adjustable

Front-row seats support multi-way adjustment, ventilation, and heating for year-round comfort

The image shows the rear passenger area of a car. The seats are upholstered in a light-colored, textured material, possibly leather or a high-quality synthetic material. The rear seat is reclined at an angle, demonstrating its flexibility. The interior is modern and minimalist, with a focus on comfort and design. The lighting is soft, highlighting the contours of the seats and the clean lines of the cabin. The overall atmosphere is one of luxury and relaxation.

XPENG New G6 Comfort

Relaxed Rear Cabin Comfort

Rear seats recline up to 11.4°, with integrated heating to ensure a cozy ride in all seasons

XPENG New G6 Comfort

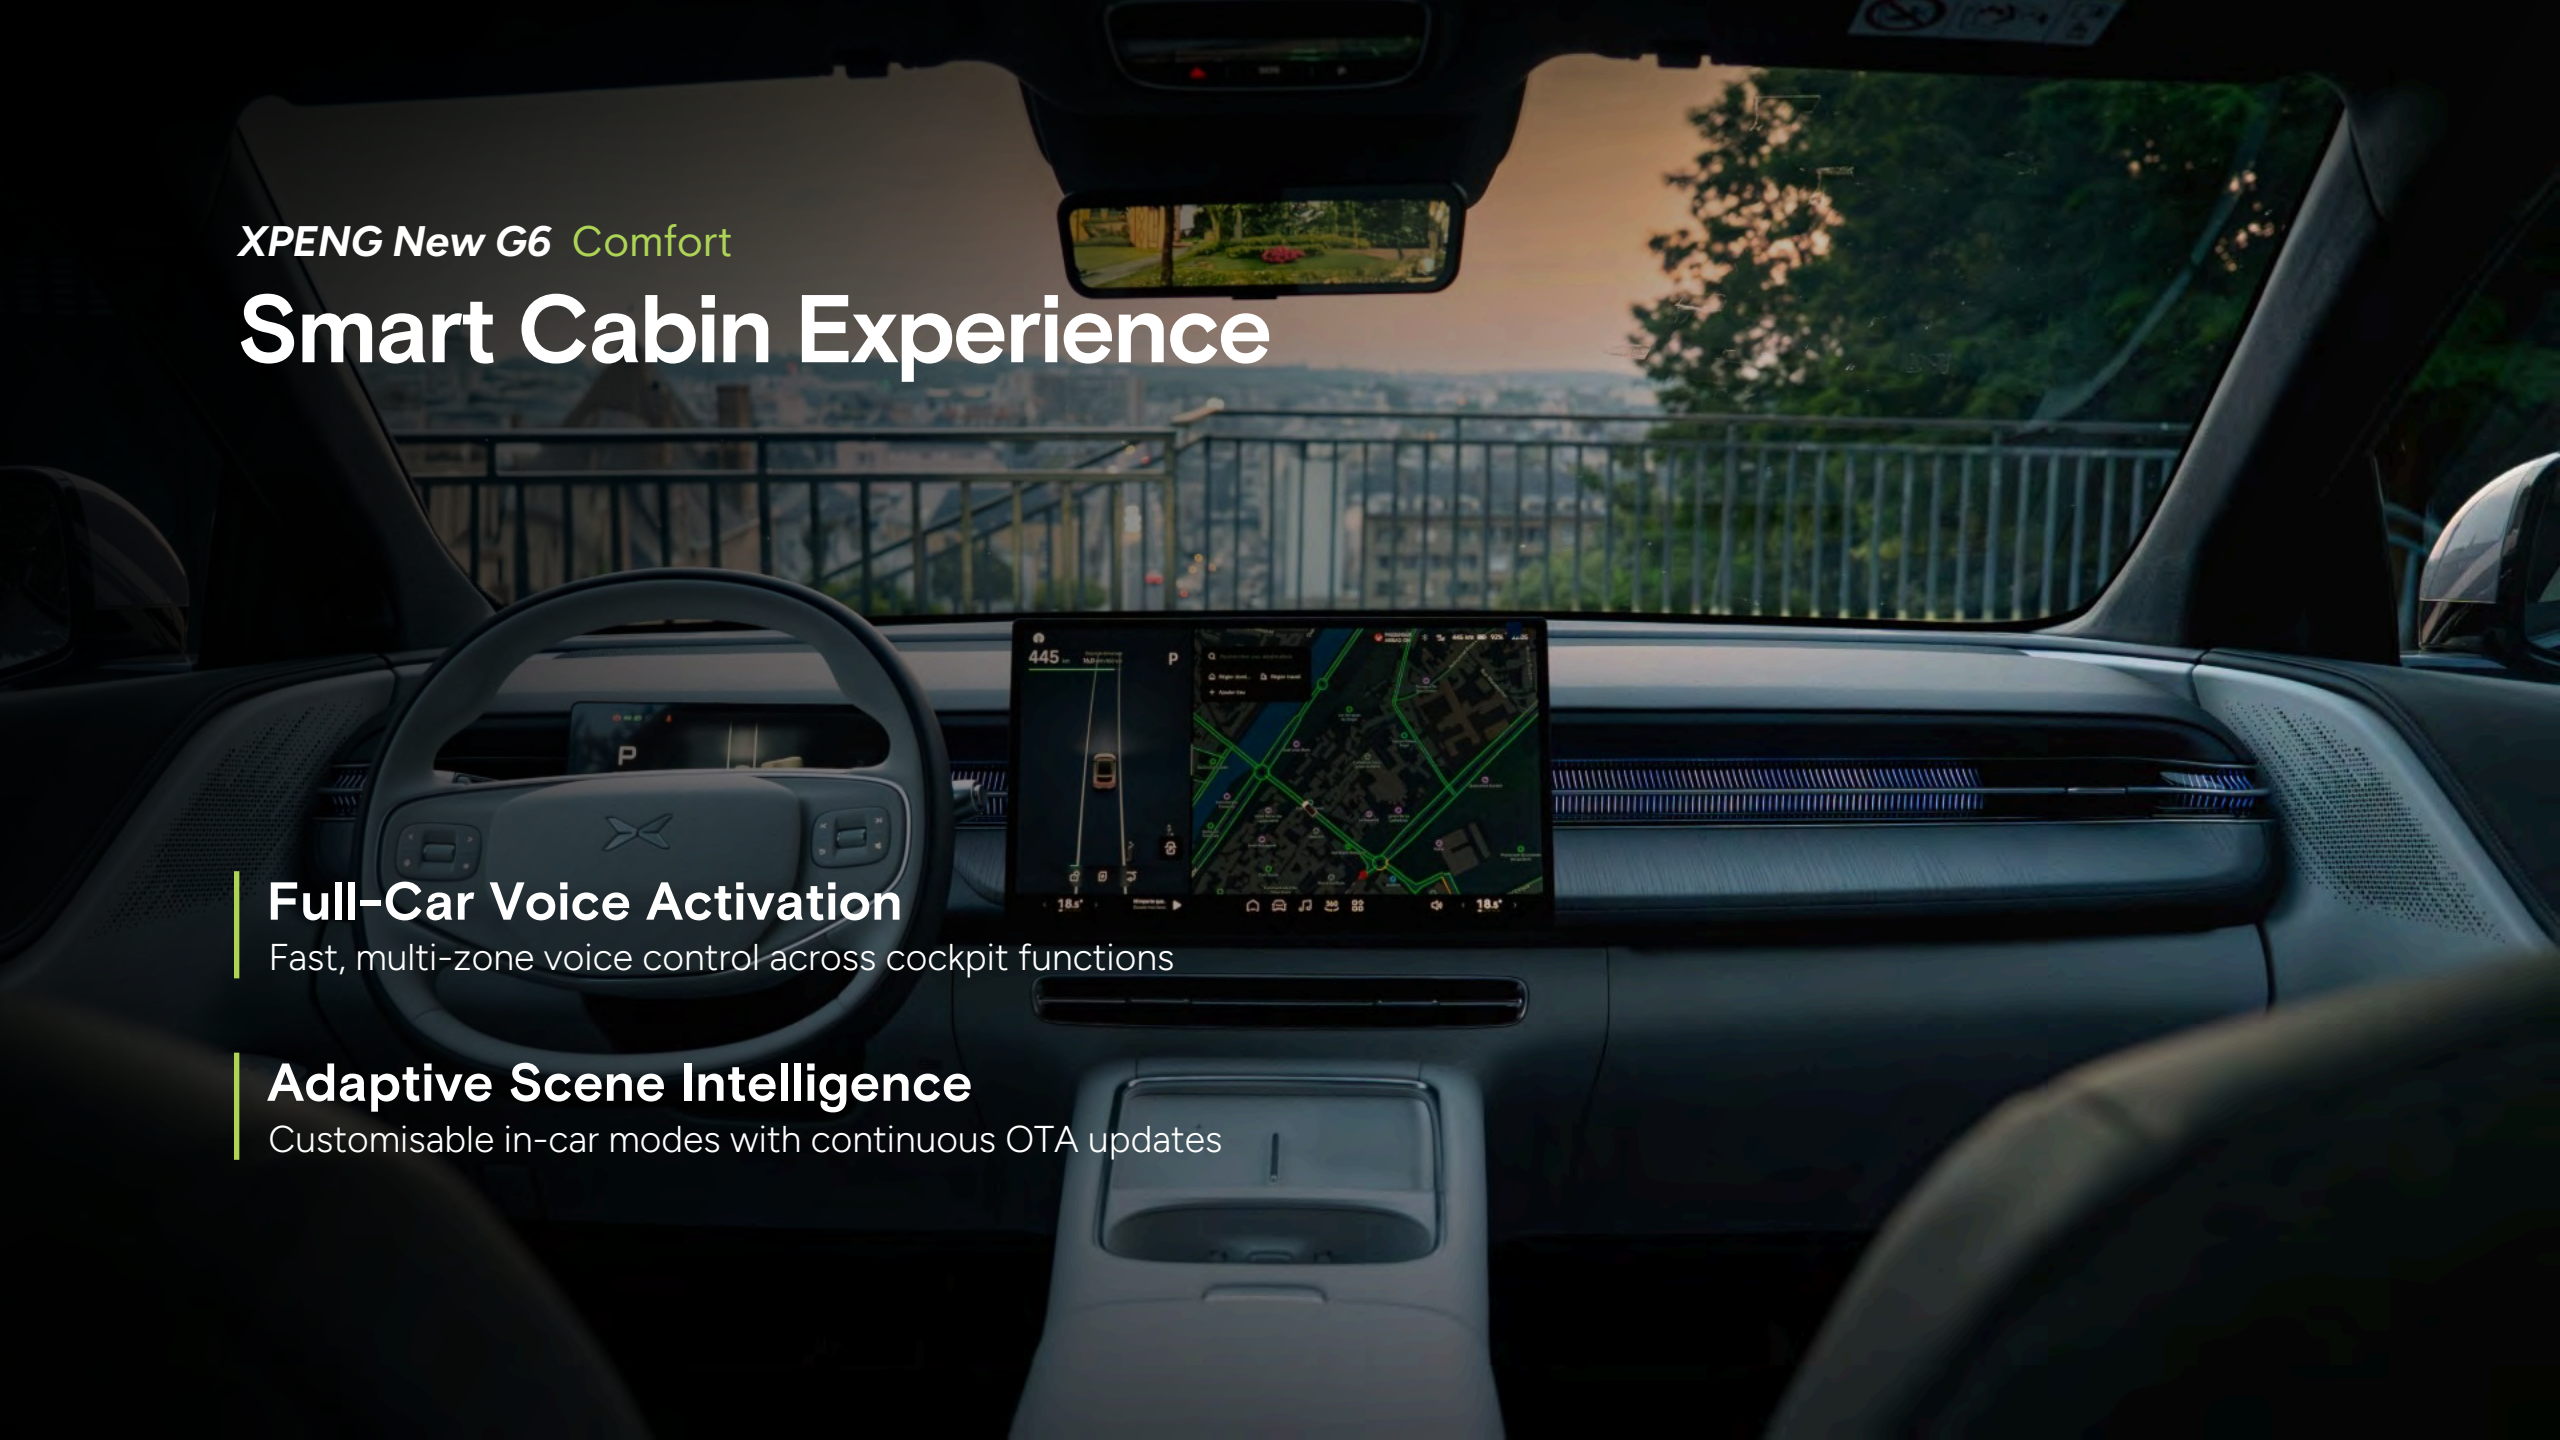

Smart Cabin Experience

Immersive Ambient Light

Wrapped-around lights, 4 modes and color customisable

Digital Rear-View Mirror

300% Widened rear-view for safety, strong sense of tech

The image shows the interior of a car, specifically the front seats and dashboard. The steering wheel is on the left, featuring the XPENG logo. The dashboard is dominated by a large, wide-screen display showing a navigation map. The car's interior is dark-colored with some blue ambient lighting. The view through the windshield shows a cityscape with a bridge and trees.

XPENG New G6 Comfort

Smart Cabin Experience

XPENG New G9 Comfort

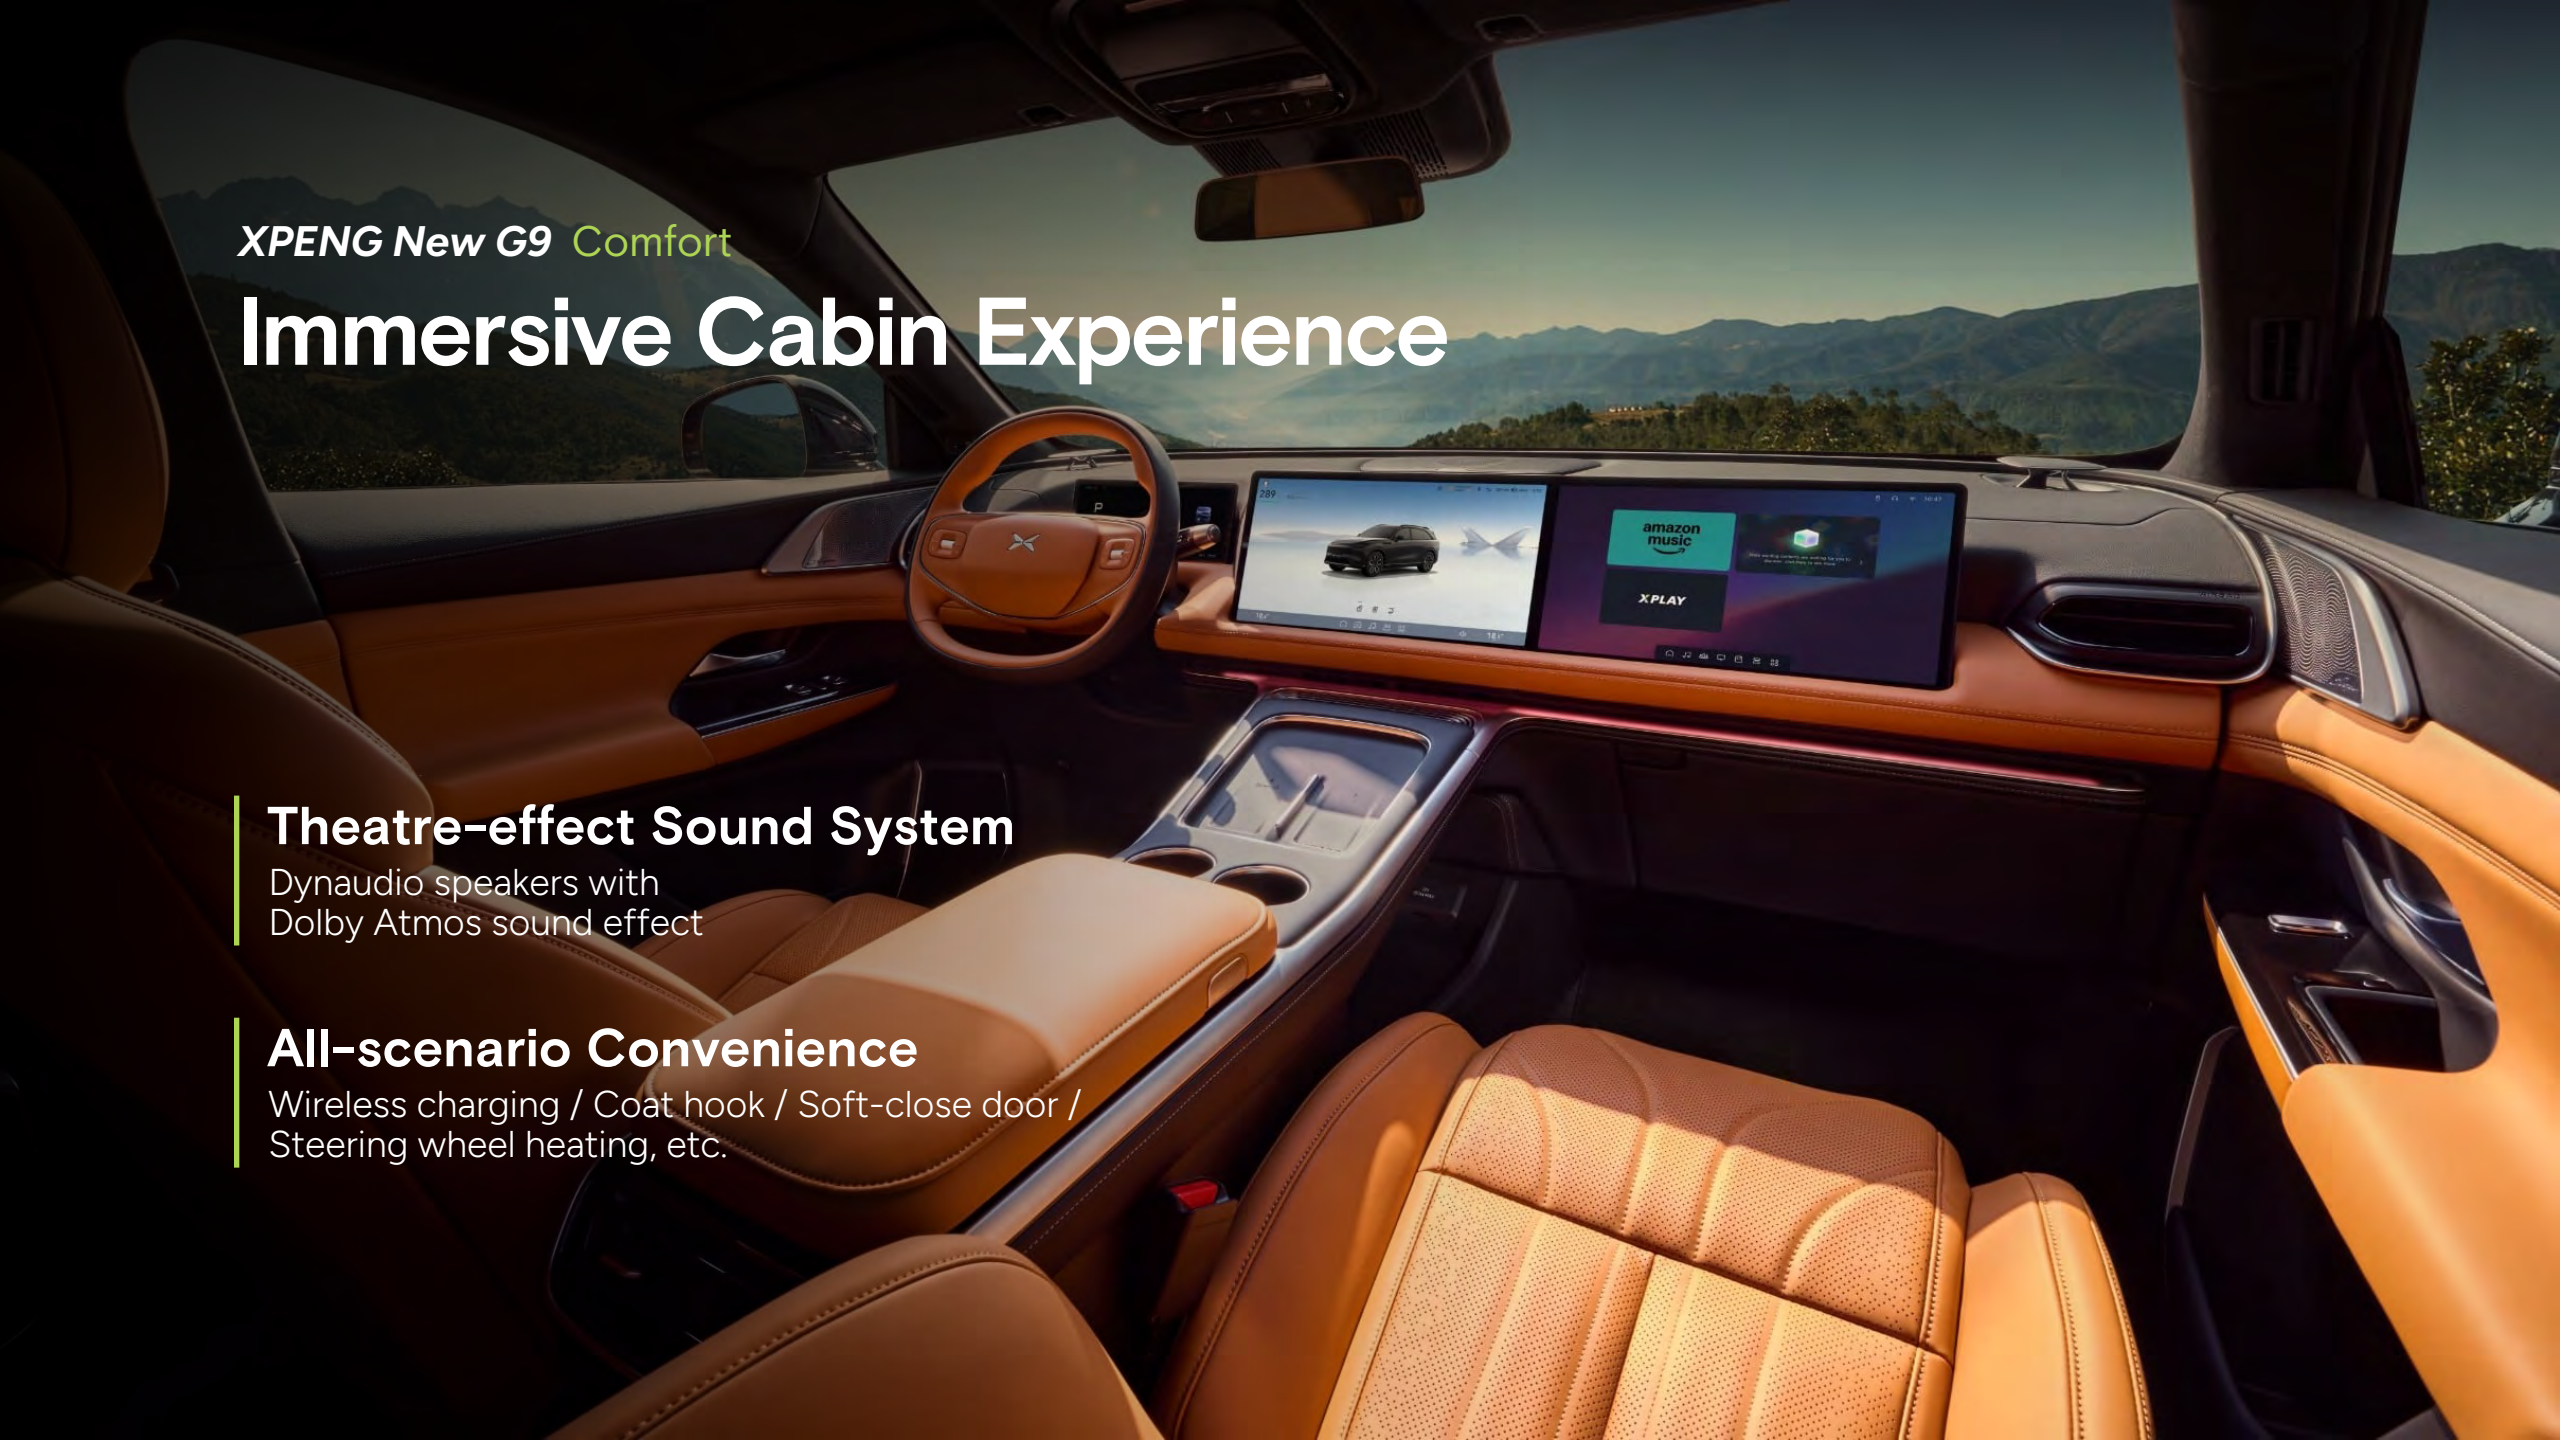

First-Class Comfort

Premium Seat Design

12-way adjustment / Nappa seats / Thigh support /
Rear-row backrest adjustable

Maximized Comfort

Heating / Ventilation /
Massage / Welcome mode

The image shows the interior of a car, specifically the front seats and dashboard area. The seats are upholstered in a light brown or tan leather with a perforated pattern. The dashboard features a large, wide screen displaying a car's interface, including a map and various settings. The steering wheel is also visible, featuring the XPENG logo. The overall design is modern and luxurious, with a focus on comfort and technology. The background shows a scenic view of mountains and a clear sky.

XPENG New G9 Comfort

Immersive Cabin Experience

Theatre-effect Sound System

Dynaudio speakers with
Dolby Atmos sound effect

All-scenario Convenience

Wireless charging / Coat hook / Soft-close door /
Steering wheel heating, etc.

The image shows the open rear trunk of a car, looking out onto a vast, flat landscape with snow-capped mountains in the distance under a clear sky. Inside the trunk, several dark-colored, rugged suitcases are stacked. The car's interior, including the rear seats and side panels, is visible in the foreground and sides. The lighting is warm, suggesting a sunset or sunrise, with a bright light source visible on the right side of the frame.

XPENG New G9 Convenience

Large Space

Huge Trunk Space

660L for daily use, 1576L with rear seats down / 71L front trunk
